

MELA MUTET™ EGG CRATE ACOUSTIC FOAM BAFFLES

HANGING INSTALLATION INSTRUCTIONS

RECEIVING AND HANDLING

Prior to unpacking, check package for any obvious shipping damage. If no evidence of damage is present, move package to a dry/controlled area and inspect it for any lesser-noticeable damage. If damage has been identified, record it/photograph it, and open to inspect for concealed damage. Wear gloves when handling the foam, and handle with care at all times to avoid damage to the material. Do not twist or bow the foam during installation.

INSTALLATION TOOLS

- Light duty cable or chains
- Cable clamps
- Level

HOW TO INSTALL

- 1 Loop suspension cable (provided by other) into the pre-installed grommets and close the loop with a cable clamp or similar hardware.
- 2 Repeat on the other side of the baffle.
- 3 Anchor the suspension cable to the roof deck or ceiling structure. Use level to ensure an even hang.

Wear gloves when handling foam, and always handle with care.
